WARNING FOR ANNUAL TOWN MEETING.

The legal voters of the Town of Strafford are hereby notified and warned to meet at the Town House on Tuesday, March 1st, A. D., 1938, at 10 o'clock A. M., to transact the following business, namely:

Article 1. To elect a Moderator.

Article 2. To elect a Town Clerk.

Article 3. To hear and act upon the report of the Auditors.

Article 4. To vote upon the question: "Shall the Selectmen be empowered to appoint one or two Road Commissioners, or shall one or two Road Commissioners be elected by ballot?"

Article 5. To choose all other necessary Town Officers.

Article 6. To see how much money the Town will raise to support the poor, defray ordinary expenses, and bridge and highway expenses, under the direction of the Selectmen.

Article 7. To see how much money the Town will raise for the support of schools.

Article 8. To see how much money the Town will raise for the maintenance of back roads or unselected roads.

Article 9. To see how much money the Town will raise for selected highways and for patrol and resurfacing, to take advantage of State Aid Laws.

Article 10. To see if the Town will vote to raise money to pay the County tax.

Article 11. To see if the Town will accept the provisions of the Public Laws relating to the collecting of taxes by its Treasurer, together with the time of payment of the same, and the rate of discount allowed.

Article 12. To see if the Town will vote to deduct a certain per cent from wages of delinquent tax payers to apply on their taxes.

Article 13. Shall license for the sale of malt and vinous beverages be granted in this Town? Shall spirituous liquors be sold in this Town?

Article 14. Will the Town authorize the Auditors of the Town to employ the services of an accountant from the office of the Auditor of Accounts as provided for in No. 55 of the Acts of 1937, to conduct an audit of the accounts of the Town?

Article 15. To transact any other legal business.

RICHARD K. PRESCOTT,
IRVING O. PIXLEY,
FRANK BROWN,
Selectmen.

Strafford, Vt., February 12, 1938.

AUDITORS' REPORT.

We, the undersigned Auditors, hereby certify that we have examined the accounts of the various officers authorized to draw against funds in the treasury, and we find them correct, to the best of our knowledge and belief, with one exception, namely: There appears to be a difference of $7.23 as between the Treasurer and the total amount of unpaid taxes as shown in the Tax Collector's books; however, this difference is in favor of the Town. Proper vouchers have been exhibited for all funds withdrawn, and the Treasurer has properly accounted for all moneys received. We find the Treasurer's books are kept in a neat and orderly manner.

We recommend that the interest on all interest-bearing orders be paid to and including January 31st, each year, and that it be paid by orders drawn for that purpose only.

We recommend that the School Directors should operate entirely on funds allowed through their appropriations, meaning that they should hire their own funds when and if necessary, and pay the interest on same from their own funds.

We further recommend that each department keep within its appropriations.

We recommend that a rising vote of thanks be extended to the Trustees of the Barrett Memorial Hall Fund, also to the Ladies' Benevolent Circle for their kind and generous contributions from time to time to various projects of the Town.

We have taken the liberty to deduct from the liabilities of the Town as heretofore shown, the $6,150 upon which the Town is liable only for payment of interest at 3% annually. Realizing this is favored by some and opposed by others, we feel this is the appropriate time to decide the question.

ROBERT H. ORDWAY,
H. N. MATTISON,
ERNEST A. MOORE,
Auditors.

Strafford, Vt., February 8th, 1938.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS.

To the Board of School Directors
and Citizens of Strafford:

This report is for the school year ending June 30th, 1937, and is a part of the report of the Board of School Directors required by law.

The Orange-Windsor District is composed of five towns as it was last year. There are twenty-eight school buildings, forty-four teachers and nine hundred pupils. The distribution of the teachers in the towns is as follows: Norwich 9, Royalton 16, Sharon 5, Strafford 6, and Tunbridge 8. There are now only five of the schools in the entire district that rate less than standard or superior.

Free tuition certificates for advanced instruction were issued the following graduates: Robert Capron, Ralph Ladd, Delwin Lewis, Gordon Norton, Margaret Nowlan, Edward Olsen, Clifford Pixley, Everett Rhodes, and Charlotte Simcox. High school tuition was paid for twenty-one pupils.

One of the factors that makes for a successful school system is a permanent policy made possible by as few changes as possible in the board of school directors and in the teaching staff. The school buildings of the town have had excellent care by the school directors. The Millers Pond School was given its second coat of paint and playground equipment installed. The flag-stones around the foundation of the South Strafford school, some of which were undermined by water-wash from the roof, were re-set and other minor repairs were made. During the summer of 1937 the trustees of the Barrett Fund fulfilled a promise made some years ago to give one hundred dollars for the improvement of the grounds of the South Strafford school. Since the town was entitled to an equal amount from the State if spent under the direction of the board of school directors, this amount actually purchased two hundred dollars' worth of improvement. The school directors are grateful to the Barrett Fund trustees for their gift and to the people of the community for their interest and helpfulness in this work.

The work of pupils in the schools was very good as measured by standard tests given at the close of the year. The average accomplishment in the intermediate and upper grades throughout the town showed that grade four was advanced beyond grade level by three-tenths of a year; grades five and seven were fully up to grade level, and grades six and eight accomplished all that could be expected, if conditions for which a teacher is in no way responsible are taken into account.

One of the problems that is worthy of consideration at this time is that of the health of the school children. For a number of years previous to 1933 the schools enjoyed the services of a Red Cross nurse, whose compensation came in part from local and county chapters of that organization. Since that time the federal W. P. A. nurses have given us a rather intermittent and uncertain service. I recommend that an effort be made to restore this important service to the schools and to the community. It will pay higih dividends.

The Commissioner of Education has called attention to the fact that the State is facing a serious shortage of teachers. Many positions in the fall of 1937 had to be filled by beginning teachers prepared in other States because the supply from our teacher training institutions was inadequate to meet the demands. It may be necessary to increase teachers' salaries to a point more nearly that of the average for 1930 in order to encourage local high school graduates to enter the teacher training schools. A State-wide trend in this direction would almost certainly require some change in the salary schedule of the town in order to retain and secure capable teachers.

I am grateful to the school directors, teachers, and townspeople for the improvements in our schools made possible by their effort and support.

Respectfully submitted,

A. COURTNEY PARKER,
Superintendent of Schools.
